COMMERCIAL NEWS

LACK OF OIL MAY FORCE TIE-UP OF HAWAII'S CHIEF INDUSTRIES

Railway, Gas and Electric Com-
panies and Plantations Hard
Hit; Appeal to Washington

(Special Star-Bulletin Correspondence)
HILLO, Hawaii, Oct. 12.—J. W. Rus-
sell revealed a serious condition re-
garding the shortage of fuel oil in this
country when he addressed the mem-
bers of the board of trade of Hillo on
Tuesday afternoon last. He pointed
out that the electric light company,
the gas company, the railroad, many
plantations and a number of small in-
dustries were threatened with tempo-
rary extinction if oil could not be ob-
tained.

The Hillo Electric Light Company
was a few days ago so embarrassed
that the directors drafted a wireless
message to Governor Pinkham telling
him that the company would have to
cease turning out light and power
if fuel oil to run their auxiliary plant
was not forthcoming. Water power
has been out of commission for some
time.

The Hillo Gas Company which re-
lies absolutely upon oil for the manu-
facture of its commodity, is up against
it probably worse than any other com-
pany. They have just started up in
business.

The Hillo Railroad Company, which
burns oil on its locomotives, has only
4000 barrels on hand. This amount
of oil will allow the company keeping
its trains running for about four
weeks. The company is in no position
to supply oil to any other concern.
Even if an oil tanker came in this
week with ten thousand barrels of oil
for the railroad that concern, with the
four thousand barrels it has on hand,
could only keep going for about two
months, according to Superintendent
R. W. Miller of the company.

Mr. Russell pointed out that very
serious damage would be done the
sugar industry if the oil supply is cut
down or wiped out altogether. The
plantations use oil-burning locomotives
to transport their cane to the
mills and if the fuel is not obtainable
then the cane will be lost in most in-
stances, as other means of transporta-
tion are inadequate.

It was decided that President G. H.
Vicars appoint a committee of three to
look into the matter and to at once
send a message to Washington re-
garding the situation. The committee
was also instructed to send a copy of
the cablesgram to the Honolulu civic
bodies and ask them to back up the
proposition of trying to obtain more
oil for Hillo. The committee appointed
consists of Messrs. H. V. Patten, R. W.
Miller and J. W. Russell.

Local dealers say that the average
smoker will never notice the differ-
ence in the articles put out by the
manufacturers to combat the high cost
of production. The man who buys
his 10-cent tin of tobacco will never
notice the small amount missing, and
the man who likes his favorite cigar
will not notice the slight difference
in weight. If he does, he will realize
that he is "doing his bit," say the
dealers.

When the war tax went into effect,
all cigars costing 4 cents and more,
were subject to taxation. The 3-for-
25-cent cigars were bought by the
local dealers before the quality of the
cigars had been altered, due to the
high cost of production. Now the fac-
tories are putting a little more tobacco
in the 3-for-a-quarter variety, and
charging 10 cents straight.

That cigars now costing from 4 to
7 cents each will be advanced to 10
cents straight, is the belief of the
local tobaccoists. Cigars selling from
4 to 7 cents are being taxed \$1.50 per
thousand; cigars from 7 to 15 cents
are taxed \$3 a thousand, and cigars

3-for-a-quarter cigar is almost
a thing of the past. Due to the high
cost of labor, plus the high rates for
transportation and finally the war tax,
the local dealer have put the 3-for-
25 in the discard. The smoker who
used to drop in at the corner cigar
store and buy his three smokes for
two-bits, must now pay 10 cents
straight.

Trading with enemy
law now operative

(A. P. by U. S. Naval Wireless)
WASHINGTON, D. C., Oct. 15.—The
broad powers conferred upon the pres-
ident by the Trading with the Enemy
law, became operative last night
through an executive order issued by
Wilson delegating the authority which
is conferred by this law to various
governmental departments. He also
created a new war trade board which
will be composed of members of the
exports commission, the administra-
tive departments and a representative
of the treasury department.

New Board is Named.
The new war trade board is to have
charge of the licensing of imports and
exports. Its personnel will be, so far
as announced, Vance McCormick,
chairman, representing the state de-
partment; Alonzo L. Taylor, depart-
ment of agriculture; Thomas D. Jones,
representing the department of com-
merce; Beaver White, representing
the food administration; Frank C.
Munson of the shipping board, and a
representative of the treasury depart-
ment who is yet to be named.

Under the law which was put into
operation last night through the order
of the president all commercial deal-
ings with the enemy country are for-
bidden absolutely and dealings with
agents of the enemy are forbidden ex-
cept under license.

Enemy concerns operating or carry-
ing on business in the United States
must be licensed and these and enemy
insurance companies are placed under
the control of the treasury depart-
ment.

No Money Shipments Allowed.
The transmission of any foreign ex-
change, coin, currency or bullion to
the enemy country is absolutely pro-
hibited. This prevents the earnings of
any firm, corporation, company or
interest on or payment of any indebt-
edness to be made to any citizen or
residents of the enemy country.

Enemy owned patents are to be ta-
ken over and held for such enemy so
far as proceeds or profits are concern-
ed by the federal trade board.

Vessels and shipping masters are
forbidden to transport goods from the
country any person whom they know
to be an alien enemy.

Communication is Cut Off.
It is unlawful to send or attempt to
send or take out or to bring into the
United States any letter, writing or
other tangible communication except
through the ordinary course of the
mails and this provision includes
maps, drawings and pictures, except
under license. This also includes
cablegrams or telegrams intended to
be transmitted to the enemy country.

WON'T CONSCRIPT HERE
AT ONCE, KUHIO HEARS

According to word received by cable
yesterday by Delegate J. K. Kalani-
anoale from Angus Ery, who is acting
as his secretary in Washington, draft-
ed men in Hawaii will not be called
at once into the service. It is un-
derstood that the drawing will be
made here, however, as planned.

Brig-Gen. A. H. Crowder, provost
marshal in charge of the draft, an-
nounced yesterday in Washington that
the Hawaii call would not be put into
effect at the present time. One reason
assigned for the postponement is
Hawaii's showing in national guard
and naval militia enlistments.

The neighborhood circles of Central
Union Women's Society will hold their
first meeting for the fall in the Bible
school rooms Thursday, October 18.
Plans for the fall work will be dis-
cussed and Red Cross work will be
provided for circles having no other
work.

WILSON'S PROCLAMATION ON LIBERTY BONDS

This liberty loan gives the
people of our country their op-
portunity to sustain the govern-
ment and its might and power
which has been mobilized for the
conduct of the great war upon
which we are now embarked.
Through it the whole country
joins in the mobilization and is
able to strike a mortal blow
against Prussian autocracy and
in defense of our outraged Amer-
ican rights, our own liberty and
the liberty of the world.

Every subscriber to these Lib-
erty bonds, whether he or she
takes only one bond or takes
more, lends the weight of that
contribution, the weight of that
support to the force behind the
vital blow. He or she puts that
amount to the patriotic service
of the country.

October 24 is hereby designat-
ed and appointed Liberty Day.
On that day let all the people of
every community of the country
assemble and pledge the fullest
financial support within their
ability to the cause. Let there
be patriotic meetings held every-
where.

Let us make the result of this
campaign for the second Liberty
loan bond issue so impressive
and so emphatic that it will echo
to and in the enemy empire and
be clear to all the world as an
index of the intentions of Amer-
ica.

On that day all federal offices
will be closed at noon and all
federal employees shall be free
from all duties other than their
patriotic observance of the day.

WOODROW WILSON,
Washington, D. C.,

**Some Will Offer Their Lives—
Others Will Loan Their Money
to Their Country**

As compared with that of the men at the front
the lot of most of our citizens is an easy one.
The least that you can do is to subscribe to the
LIBERTY LOAN OF 1917, which must be made
an overwhelming success!

By subscribing to this loan you will be doing
your duty as a citizen and your money will be
invested in the safest security in the world.
Your interest return will be satisfactory—4 per
cent.

Subscriptions of at least \$50 should be received
from everyone.

Protect your country, your family, yourself!

BANK OF HAWAII, Ltd.

A Liberty Bond In Every Home

Enlist Your Dollars in the War

In this time of our country's crisis an idle dollar
is as much a "slacker" as an idle man. Are your
dollars doing their duty?

"The Liberty Loan of 1917" invites the imme-
diate response of the American people. Every
dollar subscribed will help make it a success. The
quicker the better.

Armies of dollars are an absolute necessity for national de-
fense. Unless the dollars at home stand back of them, the
soldiers in the field cannot do their utmost to protect our
households and our freedom.

GRAPHILATUM

The perfect roof coating or paint

GUARANTEED for a period of 5 years to

Stop Leaks
Prevent Rust
Prevent Rotting

tin
iron
shingle
paper
gravel
composition
rubber

Scientifically made from a coal tar base, GRAPHILATUM has the damp-
proof qualities of rubber. Does not crack; excellent for brick, stone, concrete,
wood and underground work of all kinds. Also for bridges, culverts, tanks, tele-
phone, telegraph and fence posts.

Resists heat and cold, hence the most satisfactory preparation for painting
boilers, smoke stacks, ice molds, ice boxes, etc.

Graphilatium Special
A HOT SURFACE PAINT

Retains gloss and will not scale
or blister—will stand heat of 700 de-
grees Fahrenheit—made expressly
for locomotives, furnaces, stovepipes,
boiler fronts, smoke stacks, hot water
pipes, heaters, electric generators, hot
surfaces of every description.

**Graphilatium
Cement**

for plugging holes, open seams and
cracks in roofs, flashings, skylights,
basements, boat hulls, tanks, etc. In
paste or liquid form.

These preparations will help you save
those old, practically worthless roofs.
